Part II: Self-Assessment

For Schools Applying to Train and Employ a K–6 Literacy Coach

1. Assess the status of the school relative to the first phase (either primary or intermediate) of Literacy Collaborative implementation. To what extent is the Literacy Collaborative language and literacy framework implemented with high quality in classrooms?

<i>1. The framework is well established in almost all classrooms (primary or intermediate)</i>	<i>2. Some teachers are still working to implement all components of the framework.</i>	<i>3. Some teachers are only beginning to implement the framework and still need a great deal of support.</i>
<i>Comment:</i>	<i>Comment:</i>	<i>Comment:</i>

2. Who are the members of the school literacy team? Describe how they function in the implementation of Literacy Collaborative. Describe changes in the leadership team that will take place to support the K-6 implementation.

<i>Members of the school team – primary & intermediate</i>	<i>Description:</i>
<i>Expansion of the school literacy team members</i>	<i>Description:</i>

3. A K-6 Literacy Coach can work effectively only in a very small school. How many teachers will the Literacy Coach ultimately work with to provide ongoing training and coaching (maximum of 16)? (Include all teachers, classroom and other, that the literacy coach will support.)

1		2	
<i># of teachers who have completed the initial course</i>		<i># of teachers who will take the initial course after the Literacy Coach completes the 2nd phase of training</i>	
<i># of teachers who need the initial course</i>			
<i>Total</i>		<i>Total of 1 & 2</i>	

4. A K-6 Literacy Coach will need considerable support in implementing data collection for both primary and intermediate. In the last 3 years of implementation, have your data collection and preparation of yearly reports been done in an efficient and timely way?

What is your plan for supporting the Literacy Coach as you expand your data collection and reporting to K-6?

Attach the last two Fidelity of Implementation reports to this application.

5. Providing phase 2 training for the Literacy Coach requires a planned transition. During the training year and field year, her/his concentration will be teaching children and teaching and coaching teachers at the new level (either primary or intermediate).

- What support will teachers at the previous level (phase 1) need during this transition period?**

- **Describe your plan for the transition period. For example, how will you provide support for new teachers entering the building?**

- **How will you provide continued coaching for teachers at that level?**

6. After the field year, the Literacy Coach will be working with teachers, K–6. A tenet of Literacy Collaborative is that the coordinator teaches children at the same level as she/he coaches. Describe how you will arrange a varied teaching experience for the Literacy Coach to provide for updating and refining teaching techniques.

7. Are you prepared to support the Literacy Coach financially and with release time to attend professional development for both levels (primary and intermediate) as provided by the university partner?
